

Under Water by Susanne Stemmer

3 MONTHS AGO BY SIGRUN IN EVENTS, PHOTOGRAPHY

Not many things are as calming or intense as the feeling of being underwater. It feels like being at complete ease, only surrounded by the peaceful sound of the water that flatters your body with its soft touch. Underwater pictures have something likewise impressive. Austrian photographer [Susanne Stemmer](#) who is specialized in this kind of images is currently showing some of her work in an exhibition in Paris at the Wide Painting Gallery. And you can still catch that floating feeling of her stunning captivations until the end of November. "The characters illustrated in her works are free and boundless as soon as they immerse. A physical freedom with the imaginary loss of gravity as well as mental freedom, abandoning their image they have in society, having the feeling nobody is watching them – finally being able to release themselves from all conventions and drop the mask they are wearing in society."
